

River Valleys Continuum of Care 2018 Local CoC Program Competition

Call for Projects & Notice of Proposal Submission Requirements

River Valleys Continuum of Care (Rochester/Southeast Minnesota CoC – 502) is seeking project applicants for FY 2018 funding via the U.S. Department of Housing and Urban Development (HUD) Continuum of Care Program competition. HUD released its Notice of Funding Availability (NOFA) for FY2018 Continuum of Care Program Competition (FR-600-N-25) on June 20, 2018.

The Continuum of Care (CoC) Program (24 CFR part 578) is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, states, and local governments to quickly rehouse homeless individuals, families, persons fleeing domestic violence, dating violence, sexual assault, and stalking, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless individuals and families; and to optimize self-sufficiency among those experiencing homelessness.

This Call for Projects advises all potential applicants of the general requirements that must be met in any project application for consideration of submission to HUD through the River Valleys Continuum of Care (CoC) Local Competition.

For new projects, including expansions and transition grants: New projects applications are welcome from any eligible and qualified applicant, including organizations that have not previously received CoC Program funding. New project notification of intent to apply is due July 19, 2018. Application submissions are due August 1, 2018 for the CoC Local Competition project reviews and for applications in e-snaps, the required online application system for the HUD CoC Program national competition.

For renewal projects: Notification of intent to apply (project performance review materials) is due May 15, 2018 (rev. extended to June 1, 2018). Application submissions in e-snaps, the required online application system for the HUD CoC Program national competition, are due August 1, 2018. Remaining Local Competition materials described in this document, including notice of intent to consolidate projects, is also due by August 1, 2018.

For more detail, please review the Local Competition Policy Guide, the HUD Notice of Funding Availability (NOFA) for FY2018 Continuum of Care Program Competition (FR-600-N-25), and the CoC Program Rule found in 24 CFR 578. All information for the River Valleys CoC Local Competition is posted on the CoC webpages at www.threeriverscap.org/continuum-of-care.

A. Funding Available

Nationwide, funding of up to \$2,100,000,000 is available through the HUD CoC Program NOFA. Per HUD guidelines, River Valleys CoC is eligible to apply for \$2,134,136 for existing renewal projects and new projects created through reallocation. This amount is called the CoC's Annual Renewal Demand (ARD). A minimum of \$157,077 in locally reallocated funds will be available for new projects. The CoC is also eligible to apply for approximately \$64,024 for CoC planning, \$128,048 in CoC bonus funds for new projects to serve any eligible population, and approximately \$163,603 in bonus funding specifically to serve survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless under 24 CFR 578.3. The total potential funding available to the River Valleys CoC region in FY2018 is approximately \$2.5 million.

All funding is for grant terms of one year (except projects that include acquisition, rehabilitation, or construction, which have three year terms).

B. Eligible Project Component Types for the Local Competition

In each funding round, HUD defines the types of projects that can be created with reallocated funds and CoC Bonus funds. Eligible program component types vary depending on the type of funding sought by the project. In addition, CoCs may limit or further define the new project component types eligible in the Local Competition based on needs and priorities for the homeless response system.

Following are the eligible project component types for the River Valleys CoC Local Competition:

1. *Projects seeking Renewal Funds*

These funds are limited to the projects listed on the River Valleys CoC's List of Eligible Renewal Projects (attached). Eligible project component types are those defined for each renewal project through the Grant Inventory Worksheet process. Projects seeking renewal funding may not change project component type or exceed the allowed funding levels by line item or in total, as shown on the List of Eligible Renewal Projects (which includes component types and budgets as defined on the HUD-approved Grant Inventory Worksheet). Projects may reduce budget line items, which would be considered voluntary reallocation. The CoC can also eliminate or reduce funding for these projects (involuntary reallocation) in accordance with the CoC's reallocation policy. Such changes create a reallocation fund which can be used to fund certain types of new projects described below.

New in 2018: Renewal projects that desire to change project component type, e.g. TH to PH-RRH) may apply for a Transition Grant. The transition grant allows one year to convert the program component type, and it is considered a new project application. To create a transition grant, the applicant must wholly eliminate one or more project grants to use those funds to create the single, new transition grant.

2. *New Projects Created from Reallocated Funds or CoC Bonus Funds*

New projects in this category may be proposed as standalone projects or as expansions of existing CoC-funded projects seeking renewal in the current funding round. Eligible new project component types for projects created from reallocated funds (minimum \$157,077) and CoC Bonus funds (estimated at \$128,048) are:

- Permanent Supportive Housing (PSH) that meet the requirements of DedicatedPLUS as defined in Section III.C.3.f of the NOFA or where 100% of the beds are dedicated to individual and families experiencing chronic homelessness, as defined in 24 CFR 578.3
- Rapid Rehousing (RRH) for individuals and families, including unaccompanied youth

- Joint Transitional/Rapid Rehousing (TH-RRH) to serve homeless individuals and families, including individual or families fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking, who meet the following criteria:
 - residing in a place not meant for human habitation;
 - residing in an emergency shelter or coming directly from the streets;
 - persons who qualify under paragraph (4) of the definition of homelessness, including persons fleeing or attempting to flee domestic violence situations
 - residing in a transitional housing project that was eliminated;
 - residing in transitional housing funded by a Joint TH and PH-RRH component project (See Section III.C.3.I of the NOFA); or
 - receiving services through a VA-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system

The CoC is not prioritizing new projects for Coordinated Entry (SSO) or Homelessness Management Information Systems (HMIS) in this funding round.

3. *New Projects Created from DV Bonus Funds*

New projects in this category may be proposed as standalone projects or as expansions of existing CoC-funded projects, including projects that do not currently and specifically target the populations to be served with these bonus funds. Eligible new project component types for projects created with DV Bonus funds (estimated at \$163,603) are:

- Rapid Rehousing (RRH) projects dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless under 24 CFR 578.3
- Joint Transitional/Rapid Rehousing (TH-RRH) projects dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless under 24 CFR 578.3

The CoC is not prioritizing new projects for Coordinated Entry (SSO) in this funding round.

Per HUD guidelines for the DV Bonus funds, only one project application for each project component type above may be submitted in the national competition. The CoC encourages applicants in this category to consider collaborations (with one primary grantee and one or more subgrantees) to expand geographic coverage and increase client choice in where to live.

4. *New CoC Planning Grant Funds*

Only one CoC Planning Grant may be submitted by the Collaborative Applicant for the CoC. The Collaborative Applicant for River Valleys CoC is Three Rivers Community Action. CoC Planning Grant funds are not included in project ranking and the project does not compete with projects placed on the CoC's list of projects for funding. An estimated \$64,024 is available for the CoC Planning project.

C. **Priorities for New Projects in the Local Competition**

The River Valleys Continuum of Care regularly conducts needs assessments in the region, using data from the Coordinated Entry System, annual Point in Time Counts, Housing Inventories, System Performance Measure reports, the Minnesota Statewide Homeless Study (Wilder Research), annual DV Census reports, and other sources. The priorities below were set in an effort to guide project applicants to target limited resources to the communities and populations that most need assistance to end homelessness. The priorities were approved by the CoC membership on February 16, 2018.

1. Project Type Priorities

Three types of projects will be prioritized for reallocated and Bonus funding in FY2018. These are listed below, with rationale:

a. New Rapid Re-Housing or Joint Rapid Re-Housing/Transitional Housing for identified target populations (youth, recovery, DV) or in communities without adequate shelter resources.

Rationale: As evidenced in Coordinated Entry priority lists as well as the Point in Time Count and the 2016 statewide survey of homeless Minnesotans, River Valleys CoC experiences continued need for effective projects serving persons homeless due to domestic violence and persons who remain homeless due to limited emergency housing options.

b. New PSH or RRH targeted to unmet needs and/or that increase client choice

- Specialized programs that offer choices such as culturally-specific programming, recovery-based models, family reunification programs, or work/employment partnerships are encouraged.
- Existing projects that choose to reallocate and reapply to target current community needs and gaps are encouraged.

Rationale: Evidence from research on homeless programs indicates that sustainable housing solutions requires responsive housing and service programs that meet the needs of clients, and may be a critical tool in reducing disparate impacts on diverse populations.

c. Expansion of existing high performing PSH or RRH programs to serve more households

Rationale: As evidenced in Coordinated Entry priority lists as well as the Point in Time Count and the 2015 statewide survey of homeless Minnesotans, River Valleys CoC has additional households meeting the chronic homeless definition or otherwise demonstrate high need for PSH and RRH. Housing and supporting households with the highest needs and most extensive histories of homelessness is critical to ending homelessness in the CoC region.

2. Geographic Priorities

Geographic priorities are set to inform applicants where the greatest needs have been identified for the project type priorities. Project applicants should propose projects that align with both project type and geographic priorities.

Notes to consider for the geographic priorities: a) Counties with no named priority household type are NOT priority areas for new projects in 2018. These counties should not be proposed as standalone project areas but may be included with other priority project areas. b) The household type listed is household type with the largest unmet need in the county, based on households awaiting referral in Coordinated Entry. However, in many counties, other household types also have unmet needs and may be included in project proposals.

a. Priority Counties for New Chronic or Dedicated PLUS PSH, by household type

Brown	<i>Single adults</i>	Nicollet	<i>Single adults</i>
Goodhue	<i>Single adults</i>	Olmsted	<i>Single adults</i>

Olmsted	<i>Singles/families</i>		

In addition to project type priorities, HUD guidelines require that CoCs review and prioritize (rank) projects overall for funding in the national CoC Program Competition. In the River Valleys CoC, projects are prioritized based on overall need across the region, contribution to improved system performance, project quality, and applicant capacity. A full description of the prioritization and ranking process required for the Local Competition is included in the Local Program Competition Policy Guide.

D. Threshold Requirements for Applicants and Projects

Applicant and project thresholds apply for the Local Competition and the HUD national CoC Program Competition.

1. Applicant Eligibility

Eligible project applicants for the CoC Program Competition are, under 24 CFR 578.15, nonprofit organizations, States, local governments, and instrumentalities of State and local governments. Public housing agencies, as such term is defined in 24 CFR 5.100, are eligible without limitation or exclusion. For-profit entities, Tribes, and tribal housing authorities are not eligible to apply for grants or to be subrecipients of grant funds.

As required in the Code of Federal Regulations (CFR) at 2 CFR 25.200 and 24 CFR Part 5 Subpart K, all applicants for financial assistance must have an active Data Universal Numbering System (DUNS) number (<http://fedgov.dnb.com/webform>) and have an active registration in the System for Award Management (SAM) (www.sam.gov) before submitting an application. Getting a DUNS number and completing SAM registration can take up to four weeks; therefore, applicants should start this process or check their status early.

Per HUD's most recent Notice of Funding Availability for Discretionary Programs, applicants must submit application(s) in English and funding requests in U.S. dollars. Applicants must also ensure that the applicant's financial management system is sufficient to meet Federal standards as described at 2 CFR 200.302, resolve any outstanding civil rights matters and outstanding delinquent Federal debt, and disclose all violations of Federal criminal law involving fraud, bribery, or gratuity violations. No award of Federal funds may be made to debarred to suspended applicants or those proposed to be debarred or suspended. False statements made in an application are grounds for denial or termination of an award and possible punishment. Further details and additional rules that apply to applicants selected for award are described in detail on HUD's Funding Opportunity Page at <https://www.hud.gov/grants/> (scroll to 2018 and click on Eligibility Requirements for Applicants of HUD Grant Programs).

Project applicants are required to register with e-snaps online application system at <https://esnaps.hud.gov/grantium/frontOffice.jsf> and submit project application materials for both the Local CoC Program Competition and for the national competition. CoC program applications for the national competition are submitted via e-snaps online application system and must include a current applicant profile and all required certifications and attachments. NOTE: Because the CoC Program Competition uses e-snaps, registration at Grants.gov is not required for project applicants.

2. *Project Eligibility & Quality Thresholds*

In accordance with the FY2018 Appropriations Act, CoCs must make decisions based on how projects improve system performance in the CoC region. As such, projects must meet eligibility and quality thresholds for the HUD CoC Program national competition as well as the Local Competition. At a minimum, all applicants are responsible to ensure that:

- All proposed program participants will be eligible for the program component type selected,
- All information provided in the project application and proposed activities are eligible and consistent with program requirements at 24 CFR 578,
- Each project narrative to fully responsive to the question being asked and that it meets all the criteria for that question as required by HUD and the local CoC,
- All data provided in various parts of the project application are true and consistent, AND
- All required attachments correspond to those required by the CoC and to the list of attachments in e-snaps that must contain accurate and complete information dated between May 1, 2018, and September 18, 2018.

Please review the HUD CoC Program Competition NOFA (Section V.C.3.b.) and River Valleys CoC Local Competition Policy Guide for further details.

E. Matching Funds

U.S. Housing and Urban Development (HUD) homeless program funding through the CoC Program Competition is limited and can provide only a portion of the resources needed to successfully address the needs of homeless families and individuals. HUD requires recipients or subrecipients to use supplemental resources as match to address homeless needs.

Under the HEARTH Act, projects funded through the CoC Program competition follow a new, simplified match requirement that includes both cash and in-kind contributions. All eligible funding costs except leasing (which requires no match) must be matched with no less than a 25% cash or in-kind match. Match must be used for eligible activities as defined by the CoC Program Interim Rule, 24 CFR Part 578, subpart D. Match excludes program income and participant mainstream benefits.

F. Project Applicant Submissions

F. Selections and Award Notifications

1. *River Valleys CoC Local Competition*

New projects: The River Valleys CoC Performance Review and Rating Committee (or a non-conflicted subset of the Committee) will review new project applications on August 8, 2018, using the CoC Project Rating Tool. The notification will also include any required changes applicants must make in e-snaps to meet project quality thresholds described in section D.2. All corrections in e-snaps must be made and the e-snaps project application

resubmitted by 4:00pm on Wednesday, August 15, 2018 to be ranked and included in the project list submitted for review in the national CoC Program Competition.

Renewal projects: The River Valleys CoC Performance Review and Rating Committee (or a non-conflicted subset of the Committee) will review renewal project performance data and documentation on May 17, 2018 using the CoC Project Rating Tool, and provide scoring and approval to submit renewal project applications. Note: An extension to 4:00pm on Friday, June 1, 2018 was provided to all renewal projects with additional guidance on documentation to submit delivered on May 24, 2018 via webinar and email.

On or before July 5, 2018, accepted renewal projects will be notified in writing and are expected to submit full applications as required in e-snaps. Rejected renewal projects (subject to involuntary reallocation) will receive written notification of that status and are not advised to submit application in e-snaps. Renewal projects subject to voluntary or involuntary reallocation (partial or complete) as a result of preliminary reviews will also receive written notification of the amount reallocated and the amount still available to the project, along with any conditions applied to the project proposal.

The List of Eligible Renewal Projects will be published on the CoC website, attached to this Call for Projects notice, and distributed to CoC members and partners via listserv. This notice will also include the minimum amount of reallocated funds available for new projects.

By August 13, 2018, the CoC Committee (via the CoC Coordinator) will provide all renewal project applicants final notice of project acceptance/rejection, any funding changes, score, rank, Tier 1/Tier 2 status, and source of funds expected for the project (i.e. reallocated funds, CoC Bonus, or DV Bonus). The notification will also include any required changes applicants must make in e-snaps to meet project quality thresholds described in section D.2. All corrections in e-snaps must be made and the e-snaps project application resubmitted by 4:00pm on Wednesday, August 15, 2018 to be ranked and included in the project list submitted for review in the national CoC Program Competition.

2. HUD CoC Program Competition

HUD will conduct a threshold review of ranked projects for all CoCs that submit the CoC Consolidated Application by the application deadline. HUD may issue up to two conditional funding announcements, which have generally occurred between January and March following the CoC Consolidated Application deadline. HUD will score the FY 2018 CoC Application portion of the Consolidated Application in accordance with the criteria set forth in Section VII.B of the NOFA. HUD will select new and renewal project applications in Tier 1 in accordance with the criteria set forth in Section II.B.10.a of the NOFA. 6. The project application score(s), which will incorporate the CoC Application score, will determine which projects in Tier 2 will be conditionally selected for award as set forth in Section II.B.10.b of the NOFA.

HUD may employ rating panels to review and rate all or part of the CoC Applications according to the rating criteria in Section VII of the FY2018 NOFA.

Projects with rental assistance, leasing, or operations may be adjusted by HUD during the review process to reflect changes in Fair Market Rents (FMRs) for the project area.

Following the evaluation process, HUD will notify successful applicants of their selection for funding. Notification of project awards will be posted on the HUD website and distributed via the HUD Homeless Assistance Listserv. HUD will notify all other applicants, whose applications were received by the deadline, that have not been chosen for award by email. Award information will be sent by mail to the authorized representative(s) named in form SF424, lines 8 and 21.
