Brown	Families, including youth 18-24 with their own children	<5
Dodge	Families	<5
Faribault	Families, including youth 18-24 with their own children	<5
Fillmore	Single adults and Families	<5
Freeborn	Families, including youth 18-24 with their own children	<5
Goodhue	Families, including youth 18-24 with their own children	<5
Houston	Single adults, including seniors	<5
Martin	Families	<5
Sibley	Families	<5
Steele	Families	<5
Wabasha	Families	<5
Waseca	Families	<5
Watonwan	Families	<5
Winona	Single adults and Families	<5

RRH doesn't supply units in the typical sense. RRH units should be thought of as the number of RRH opportunities needed at any one point in time (beyond the current supply). For example, you could read the table this way: If we had the resources to serve 5-10 more households in Rice County at the same time, we could meet the estimated need for RRH in Rice County over the next two years.
